

Geotechnical Assistant

Goodnight Midstream owns and operates an extensive network of reliable produced water gathering and disposal systems in three of the county's most active oil plays - the Williston Basin, the Permian Basin and the Eagle Ford shale.

Our midstream approach minimizes environmental impact and improves health and safety while lowering lease operating expense and improving reliability for our customers. Goodnight is supported by a team of highly experienced engineers and operating professionals.

Job Summary

The Geotechnical Assistant will support the Company's two geologist and GIS geologic database manager with geologic mapping; using primarily raster image well logs, data prepping and cataloging, minor geologic interpretation, and organizing related projects.

Responsibilities

- Prepare data for analysis and interpretation for well logs.
- Organize and maintain data archives.
- Scan and digitization of data, as needed including well log images.
- Gather data and prepare information to be used in presentations, displays, and projects for both internal and external purposes.
- Maintain permit tracking spreadsheet and help facilitate efficient permit process.
- Transfer daily disposal volumes and pressures from daily field reports to historical injection pressure tracking file.

Education and Experience:

A Bachelor's degree in Science or Mathematics is preferred. The ideal candidate will have some working knowledge and abilities working with open hole and cased hole well logs; working knowledge of MS office; working knowledge of NDIC, RRC TX, and OCD New Mexico Databases. This candidate must be a team player and well organized. This position requires strong written and verbal communication skills, ability to prioritize work load and meet deadlines is a must.

Working Environment/Physical Requirements:

Working conditions are normal for an office environment, plus occasional work in outdoor environments requiring safety procedures and exposure to varying weather conditions. This position remains sedentary at least 70% of the time. This position constantly operates computers, phones, printers and other office productivity machines (e.g., fax machine, copier, printer, etc.). This position requires frequent communication and exchange of information verbally and in writing.
